Study Hall B: Fridays 11/4, 11/11, 11/18, 12/2, 12/9, 6pm - 9 pm CPH 305

Study Hall C: Saturdays 11/5, 11/12, 11/19, 12/3, 12/10, 9 am - 12 noon CPH 305

Study Hall D: Saturdays 11/5, 11/12, 11/19, 12/3, 12/10, 12 noon - 3 pm CPH 305

Study Hall E: Sundays 11/6, 11/13, 11/20, 12/4, 12/11, 12 noon - 3 pm CPH 309

The MTH 05 study halls are weekly three-hour sessions designed to help you start preparing NOW for success on the final exam. The first three study halls come before Thanksgiving. The last one is just before the final exam. Data shows that the vast majority of students who do well on the MTH 05 final exam also pass the course.

At the study halls, tutors will be available to provide assistance on specially-prepared review sheets designed to emphasize important topics in MTH 05. Although the material is oriented toward the final exam, it will also be of assistance in preparing for class tests and quizzes.

Do I need to register for the MTH 05 Study Halls? Yes! You may register through OSSES. Under the folder labeled “Misc. Registration,” you may click on “MTH 05 Study Halls” and select the section that best fits your schedule.

Do I need to attend all five sessions of the Study Hall? Yes! Each study hall meets once a week for five weeks. In order to have maximum benefit, it is essential that you attend all five sessions. If you are not able to attend all sessions, please consider other options.

Do I have to pay for the Study Halls? No!

Will I receive a grade for the MTH 05 Study Hall? No! The Study Hall is only for your benefit in preparing for the MTH 05 final exam.

Other MTH 05 resources

- Tutoring for MTH 05 is available in the Learning Commons in ME- S05 Monday through Saturday. On Sunday, tutoring is available in the Math Lab CPH 303.
- Review materials can be found here:
<http://fsw01.bcc.cuny.edu/mathdepartment/Courses/Math/MTH05/math05.htm>
- Remember: It is important to attend every class session of your regular MTH 05 class. Be sure to meet with your instructor to devise a plan to pass MTH 05 this semester!

Wishing you success for the remainder of the semester and in your future studies!

-Prof. Maria Psarelli

Chair, Department of Mathematics and Computer Science
