Grading

Homework (30%) I'll assign certain questions to be handed in most weeks.

Class Tests (30%) There will be about 5 in-class tests, one on each of the main topics we cover. Test questions will be similar to homework questions.

Final (40%) The final will cover all the material in the course. It'll be held some time in Finals Week: May 22 - 28.

General Advice

The key to doing well in this class is to spend time working on the problems in the text at the end of each section and the homework problems.

If you have any questions or concerns, talk to me after class. If you need more help please come to my office hours or set up a time to meet. Also don't forget the ***Math Tutoring Lab***. You can just walk in and get help.
