Guide to Taking Sample Final Exams Online Using MapleTA

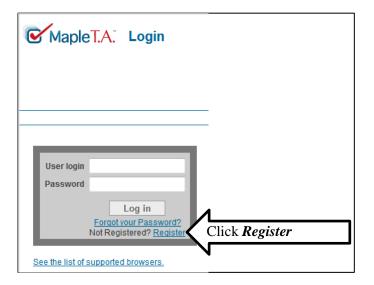

CUNY Elementary Algebra Final Exam

November 2012

For the most up-to-date information on this exam, please visit http://www.cuny.edu/testing

You can practice taking the Elementary Algebra Final Exam online using the same computer program you will use on the day of your exam. Follow the instructions below to get started.
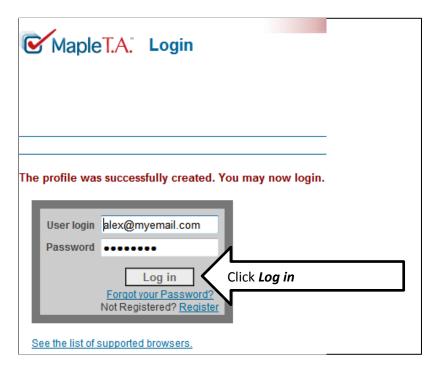

- In your web browser, go to http://goo.gl/rEak2 or http://cuny.mapleta.com:8080/cuny-practice/modules/ClassHomepage.do?cid=2
- The first time you visit, you must click on *Register*.

- After you click *Register*, you will see this screen asking for your information.

- After you click **Submit,** you will be brought back to the **Login Screen**. Log in using the information you just entered.

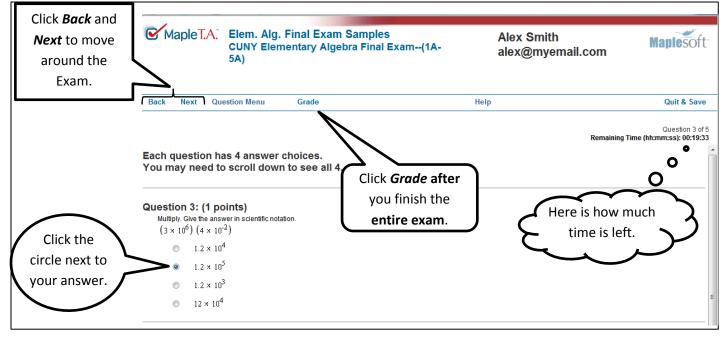

- After you log in, you will be at the **Class Homepage** with a list of assignments.
- Each assignment is 5 questions from the Sample Final Exams. These questions are similar to the ones you will see on your actual exam. You may see other questions on your final exam besides the ones listed here. These are only *samples*.
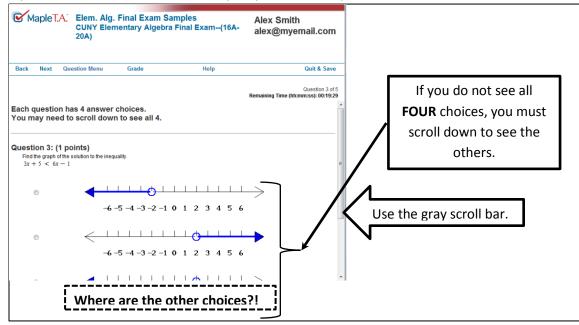

- Each assignment is timed. On the Sample Exams you will have 20 minutes to complete 5 problems. On the real final exam, you will have 100 minutes to complete all 25 problems.

- The picture below tells you about the various buttons you will need to use to move through the exam.

- Each question has 4 answer choices. They may not all fit on your screen. You must scroll to see them.

- When you are done with the *entire assignment*, click **Grade**. If you did not answer some of the questions, you will see a screen like the one below.

Warning: There appear to be errors in your answers to the questions listed below.
- Press the Back button or click on one of the questions in the list to go back and correct your work.
- If you press Grade again, you will get your grade immediately, but the questions listed below will all be graded as wrong.

Question 1: (1 points) The question has not been answered
Question 3: (1 points) The question has not been answered
Question 4: (1 points) The question has not been answered

These questions are not answered. Go back and answer them.

Click on the first problem listed and start there.

- You may want to use the **Question Menu** to skip around the assignment.

Feedback: Grade Report

Thank you

Your assignment is complete. Your score was 4 out of 5 (80 %).

Click "View Details" at the top left of the screen to see which questions you answered correctly.

When you have finished reviewing your test, click "Quit & Save" at the top right of the screen. You can then take additional practice tests.

After taking other practice tests, you can return to this one and take it again to see if you have learned how to answer the questions correctly.

- On the day of the exam you will not see your score or the questions you answered wrong. But for now, you can click **View Details** at the top left to see which questions you answered correctly.

Click
View Details.
