MTH 06, Basic Concepts of Math II. Fall 2010

Instructor: Prof. Cormac O'Sullivan

Office: CP 317
Phone: (718) 289-5413
Email: cormac.osullivan@bcc.cuny.edu
Class web page: This contains class information, due homework, upcoming quizzes and links.
http://fsw01.bcc.cuny.edu/cormac.osullivan
Office hours: Tuesday 2-3, Friday 12-1.

Attendance

Attending each class is important since we cover a lot of topics in Math 06. Also please arrive on time – the first 15 minutes of class usually contains a lot of explanations of the day's material.

Grading

Quizzes (25%) These will be 20-minute in-class tests. I'll give one every one to two weeks, usually on Thursdays. Quiz questions will be similar to homework questions. (First quiz on Friday, September 3rd.)

Homework (20%) I'll assign certain questions to be handed in.

Midterm (20%) This will be given on Thursday, October 21st.

Final (35%) The final will cover all the material in the course. It'll be held some time in Finals Week: December 15 - 20.

General Advice

The key to doing well in this class is to spend time working on the class problems: the suggested exercises in the text at the end of each section. Actually doing them will give you an understanding of the material you can't get just by reading your notes or the book. If you can do these problems you will have no difficulty with the quiz, midterm and final questions.

If you have any questions or concerns, talk to me after class. If you need more help please come to my office hours or set up a time to meet me. Also don't forget the Math Tutoring Lab. You can just walk in and get help.

Math Tutoring Lab, CP 303
Monday – Thursday, 11 am – 8 pm
Friday, 11 am – 2 pm
Saturday, 11 am – 2 pm.

This is the usual Lab schedule – see http://fsw01.bcc.cuny.edu/mathdepartment/TutoringLab/Lab.htm for this semester's opening times.
