Attendance

I will take attendance at the start of each class. It is very important that you make it to every class on time since we cover so many topics in MTH 06.

Grading

Homework (25%). Homework will be assigned every week - usually on Tuesday and due the following Tuesday. You can always see which questions are to be collected on the class web page.

Chapter Tests (40%). There will be 6 one-hour tests, every time we finish a chapter. Test questions will be similar to homework questions. I'll drop your lowest scoring test. There will be no mid-term exam.

Final (35%). The two-hour final exam will be 20 questions from every part of the course. It'll be held some time in Finals Week: May 17 - 24.

Math Tutoring Lab

If you have any questions or concerns, talk to me after class. For help with the course material and homework questions, please come to my office hours or try the Math Tutoring Lab:
