

# MTH 01, Fundamental Concepts and Skills in Arithmetic and Algebra Spring 2019

**Instructor:** Prof. Cormac O'Sullivan

**Office:** CP 317

**Office hours:** Monday 4-5, Wednesday 4-5.

**Phone:** (718) 289-5413

**Email:** [cormac.osullivan@bcc.cuny.edu](mailto:cormac.osullivan@bcc.cuny.edu)

**Class web page:** <http://fsw01.bcc.cuny.edu/cormac.osullivan>

This is a regular web page (not on Blackboard). You can also get to it by finding me on the Faculty page of the BCC Math Department. The class page will contain the class calendar, text book, information, due homework, review sheets and other links.

## **Book**

We will use the book *ARITHMETIC: A Textbook for Math 01 (5th Edition 2015)* by Anthony Weaver. It is available for free - see the link on the class web page. You can read it online or print out the chapters as we come to them.

## **Attendance**

I will take attendance at the start of each class. Please arrive on time!

## **Grading**

*Homework (30%)* Homework will be assigned every Wednesday to be handed in the following week. See the class web page. Late homework will not be accepted.

*Class Tests (35%)* There will be 5 in-class tests, one on each of the main topics we cover. Test questions will be similar to homework questions. The lowest test will be dropped.

*Final (35%)* The final will cover all the material in the course. It'll be held some time in Finals Week: May 16-22

The only passing grades in this class are A, B and C. So to pass you must score at least 70% overall. If you score 60-69% you will be recommended for a six day workshop after which you retake the final exam.

## **General Advice**

The key to doing well in this class is to spend time working on the problems in the text at the end of each section and the homework problems.

If you have any questions or concerns, talk to me after class. If you need more help please come to my office hours or set up a time to meet. You can also get tutoring assistance at The Learning Commons which is open all semester:
