

MTH 34, Homework 5 on sections 3.5, 3.6

Try the following eight questions from the textbook.

Since we are working online now, just send me your solutions to **TWO** of the eight questions. It doesn't matter which two. You can take pictures with your phone (make sure the file size isn't too large).

As usual, write all your working out and answers clearly - no need to write the questions. Please use lots of space. It is very important that you show clearly any work you had to do to get your answers. Just writing the answer down with no work shown is usually not enough. The questions you hand in are worth 15 points each, so do them carefully!

 - (2) Page 184, Question 3
 - (3) Page 184, Question 5
 - (4) Page 184, Question 19
 - (5) Page 190, Question 1
 - (6) Page 190, Question 4
 - (7) Page 190, Question 13
 - (8) Page 190, Question 15
-

Homework should be handed in the week after it is assigned. Late homework will only receive partial credit (and no credit after I post the solutions).

If you understand the homework questions then you will be able to do the exam questions. You can also try the other questions listed on the syllabus to get extra practice. For any difficulties with the homework, please email me.
