

Kerry Ojakian's MTH 23 Class

Group Assignment #2

Group Member Names:

General Instructions: Work in a group of **at most 3 students**. Hand in **one** assignment for your group; write each group member's name (*first and last name*) above. You must show work to get full credit!

The Assignment

Use Excel to make a histogram of the data in problem 17 of section 2.1 (7th ed), using the indicated number of classes.

Email the Excel file to: ojakianteaching@gmail.com, including all the group member names in the email.
